

Church Stretton Royals Football Club

Team Selection Policy

Our team selection policy is that, we will start with the team that we believe will do the best job, based on the players' football ability and character, and most importantly the collective balance of the team.

This means that no player is guaranteed a place in the team but is there on his own merit. Equally we will not change a team that is playing well, if it is believed that such change may have a detrimental effect on the outcome of a match.

The coming season will be long and hard, and with injuries and absences, all players will have their chance to prove themselves.
